

# Welcome to Debathena

This workstation is running Debathena. Debathena looks and feels slightly different from Athena 9.4, but retains virtually all of Athena 9.4's functionality. For more information, including documentation, visit <http://debathena.mit.edu>

## Getting Started

### Opening a terminal window (athena%):

From the *Applications* menu,  
choose *Accessories*,  
then *Terminal*.

### Opening the Firefox web browser:

Click on the Firefox icon next to the *System* menu.

### Opening the Evolution e-mail client:

Click on the Mail icon next to the Firefox icon.

### Logging out:

Click on the power icon at the top right of the screen.

Then select "Log Out..." from the menu.

**OR** type "logout" at the shell prompt.

**OR** choose "Log Out" from the "System" menu.

## Getting Help & Reporting Problems

For general assistance, please contact Athena Consulting at x3-4435 or visit <http://web.mit.edu/consult/>. Be sure to specify that you're using Debathena.
